30 JUNE 2006

ADVANCED NANO APPOINTS BUSINESS DEVELOPMENT EXECUTIVE

Advanced Nanotechnology Limited is pleased announce the appointment of Mr. Thibaut Mortier as Vice President, Global Business Development, Marketing and Sales. Mr Mortier will focus on growing Advanced Nano's international markets through the development of key strategic partnerships.

Mr. Mortier was previously Development Director, Europe Building Products Division, for CRH Limited a listed Irish global building materials company. Prior to joining CRH, Mr Mortier was Regional Director, Asia Pacific, for Cytex Industries a listed US-based specialty chemicals & composites materials company.

Advanced Nano's CEO Dr Paul McCormick stated "it is particularly pleasing to have someone with Mr. Mortier's international business development experience join the Company as it increasingly penetrates international markets for its range of nanotechnology products".
